

Odometer Check

[NYS Vehicle Sales Data \(from VERIFI\)](#)

You can perform an Odometer Check by entering in the VIN (Vehicle Identification Number), Model Year and Make of a vehicle or by the eMV-50 Number.

Searching by VIN: When searching by VIN number, the search result will include information about every sale/transfer available in the system for that VIN.

Searching by eMV-50 number: When searching by eMV-50 Number (also called the Transaction ID Number), the search results will only include information about that specific eMV-50.
